

Maximum Performance

FIXED RATES AS LOW AS **5.00%***

UniMac's fall finance promotion offers some of the lowest fixed interest rates the laundry industry has seen in years, making it the perfect time to upgrade equipment. The money-saving benefits of ultra-efficient UniMac models will make an immediate positive impact on laundry operating costs in your facility. Add in UniMac Funding's fast approval process, and it's simple to start reducing laundry operating costs. Here are the details:

- No payments for 90 days
- 36-month term (longer terms available)
- Financed amounts of \$2,500 - \$250,000
- No out of pocket costs
- No prepayment penalty fee

To get preapproved today, complete the simple one-page online credit application. Next, contact your local UniMac distributor, who can perform a laundry operating cost analysis and quantify the savings to be gained by upgrading to more efficient models. Don't miss out on some of the lowest interest rates in years.
